Subject Index

- Aquatic bryophytes, sediments, heavy metals, river pollution, 7
- Bahrain, carbon monoxide, carboxyhemoglobin, occupational exposure, charcoal meat grilling, 141
- Cadmium, lead, mercury, feeding yeast, monitoring, 73
- Carboxyhemoglobin, carbon monoxide, occupational exposure, charcoal meat grilling, Bahrain, 141
- Carbon monoxide, carboxyhemoglobin, occupational exposure, charcoal meat grilling, Bahrain, 141
- Carcinogenicity, waste management, risk analysis, toxicity, nuclear waste, fossil fuel, 87
- Charcoal meat grilling, carbon monoxide, carboxyhemoglobin, occupational exposure, Bahrain, 141
- Chromium, hair, trace elements, firework industries, occupational exposure, manganese, 161
- CO₂, isotopes, glaciers, greenhouse warming, 227
- Cytochrome *P*-450IA1, polychlorinated biphenyls, glutathione-*S*-transferase, haematology, fish, 113
- Electro-ultrafiltration, soil, organic matter, fractionation, FT-IR, NMR, 37
- Energy production, natural radiation, nuclear wastes, radiological risk, 99
- Environmental contamination, organophosphorus pesticides, water analysis, 195
- Evaluation, water ichthyologic potential index, water quality, 169
- Feeding yeast, cadmium, lead, mercury, monitoring, 73
- Firework industries, hair, trace elements, occupational exposure, chromium, manganese, 161
- Fish, polychlorinated biphenyls, cytochrome *P*-450IA1, glutathione-*S*-transferase, haematology, 113
- Fishfarm, sediment, oxytetracycline, resistance, 25
- Flow rates, herbicide residues, water losses, Greece, 59
- Fossil fuel, waste management, risk analysis, toxicity, carcinogenicity, nuclear waste, 87
- Fractionation, electro-ultrafiltration, soil, organic matter, FT-IR, NMR, 37
- FT-IR, electro-ultrafiltration, soil, organic matter, fractionation, NMR, 37
- Glaciers, CO₂, isotopes, greenhouse warming, 227
- Glutathione-*S*-transferase, polychlorinated biphenyls, cytochrome *P*-450IA1, haematology, fish, 113
- Glyoxal, humic substances, *p*-Hydroxybenzaldehyde, mutagenicity, ozonation, 205
- Greece, herbicide residues, water losses, flow rates, 59
- Greenhouse warming, CO₂, isotopes, glaciers, 227
- Haematology, polychlorinated biphenyls, cytochrome *P*-450IA1, glutathione-*S*-transferase, fish, 113
- Hair, trace elements, firework industries, occupational exposure, chromium, manganese, 161
- Heavy metals, polycyclic aromatic hydrocarbons, sources, urban exposure, 47
- Heavy metals, sediments, aquatic bryophytes, river pollution, 7
- Herbicide residues, water losses, flow rates, Greece, 59

- Humic acid, plasmin inhibitor, vascular disease, 135
- Humic acid, plutonium, speciation, siderophores, immobilization, 215
- Humic substances, glyoxal, *p*-Hydroxybenzaldehyde, mutagenicity, ozonation, 205
- p*-Hydroxybenzaldehyde, glyoxal, humic substances, mutagenicity, ozonation, 205
- Immobilization, plutonium, speciation, siderophores, humic acid, 215
- Isotopes, CO₂, glaciers, greenhouse warming, 227
- Leachate, toxic pollutants, solid wastes, 149
- Lead, cadmium, mercury, feeding yeast, monitoring, 73
- Manganese, hair, trace elements, firework industries, occupational exposure, chromium, 161
- Mercury, cadmium, lead, feeding yeast, monitoring, 73
- Monitoring, cadmium, lead, mercury, feeding yeast, 73
- Mutagenicity, glyoxal, humic substances, *p*-Hydroxybenzaldehyde, ozonation, 205
- Natural radiation, energy production, nuclear wastes, radiological risk, 99
- NMR, electro-ultrafiltration, soil, organic matter, fractionation, FT-IR, 37
- Nuclear waste, waste management, risk analysis, toxicity, carcinogenicity, fossil fuel, 87
- Nuclear wastes, natural radiation, energy production, radiological risk, 99
- Occupational exposure, carbon monoxide, carboxyhemoglobin, charcoal meat grilling, Bahrain, 141
- Occupational exposure, hair, trace elements, firework industries, chromium, manganese, 161
- Organic matter, electro-ultrafiltration, soil, fractionation, FT-IR, NMR, 37
- Organophosphorus pesticides, water analysis, environmental contamination, 195
- Oxytetracycline, fishfarm, sediment, resistance, 25
- Ozonation, glyoxal, humic substances, *p*-Hydroxybenzaldehyde, mutagenicity, 205
- Plasmin inhibitor, humic acid, vascular disease, 135
- Plutonium, speciation, siderophores, humic acid, immobilization, 215
- Polychlorinated biphenyls, cytochrome P-450IA1, glutathione-S-transferase, haematology, fish, 113
- Polycyclic aromatic hydrocarbons, heavy metals, sources, urban exposure, 47
- Polycyclic aromatic hydrocarbons, waste foundry sands, recycling, 185
- Radiological risk, natural radiation, energy production, nuclear wastes, 99
- Recycling, waste foundry sands, polycyclic aromatic hydrocarbons, 185
- Resistance, fishfarm, sediment, oxytetracycline, 25
- Risk analysis, waste management, toxicity, carcinogenicity, nuclear waste, fossil fuel, 87
- River pollution, sediments, aquatic bryophytes, heavy metals, 7
- Sediment, fishfarm, oxytetracycline, resistance, 25
- Sediments, aquatic bryophytes, heavy metals, river pollution, 7
- Siderophores, plutonium, speciation, humic acid, immobilization, 215
- Soil, electro-ultrafiltration, organic matter, fractionation, FT-IR, NMR, 37
- Solid wastes, toxic pollutants, leachate, 149
- Sources, polycyclic aromatic hydrocarbons, heavy metals, urban exposure, 47
- Speciation, plutonium, siderophores, humic acid, immobilization, 215
- Toxic pollutants, solid wastes, leachate, 149
- Toxicity, waste management, risk analysis, carcinogenicity, nuclear waste, fossil fuel, 87
- Trace elements, hair, firework industries, occupational exposure, chromium, manganese, 161

- Urban exposure, polycyclic aromatic hydrocarbons, heavy metals, sources, 47
- Vacuum cleaner bags, 1
- Vascular disease, humic acid, plasmin inhibitor, 135
- Waste foundry sands, recycling, polycyclic aromatic hydrocarbons, 185
- Waste management, risk analysis, toxicity, carcinogenicity, nuclear waste, fossil fuel, 87
- Water analysis, organophosphorus pesticides, environmental contamination, 195
- Water ichthyologic potential index, water quality, evaluation, 169
- Water losses, herbicide residues, flow rates, Greece, 59
- Water quality, water ichthyologic potential index, evaluation, 169
